Comity/Exam Application Committee

During the May 14, 2015 meeting, comity applications for licensure candidates Sheddrick and Abernathy were reviewed and approved. Upon further review by Executive Officer Lampe, the applicants had an ABET accredited engineering technology degree. Per the Board's administrative rules, an engineering technical degree is not a qualifying degree for licensure.

Motion by Vogt to change the recommendation for licensure to deferred and offer the candidates an opportunity to submit a waiver for them to submit an evaluation of their technical degrees; the Board will reconsider depending on the information provided by the candidates.

Seconded by Fairfax
